

SUPER FISH

The Super Fish is a phenomenon! It is loved by thousands of surfers around the world who have bought one since we launched the board a couple of years ago. The secret to the success of the Super Fish is in its design. The most obvious one is the step deck, this gives the board a huge buoyancy advantage but leaves the board with high performance rails. Secondly the bottom of the board features low entry rocker that feeds into a full length concave that helps the board get up and plane quickly. This feeds through to a double in the back to help get the most out of turns. The Super Fish will help you make sections that you never have before, it is fast and smooth.

All boards are glassed with a 2 x 4oz deck and 1 x 4oz bottom with a patch on the fin area. We give the boards either the silky smooth Pro or Gloss Polish finish and they come standard with FCS M5 Quad Glassflex Series fins.

(E) Blue / Green Acid Tint Bottom & Clear Deck

(A) Clear + Decals

(B) Red Rail & Bottom

(C) Two Tone Pinline Blue / Light Blue

(D) Rail & Bottom Spray Blue
