

MINI LB Our Mini Longboards are loved by thousands of people around the world. What they love the most is the generous proportions the board has that give you plenty of advantage. A combination of width and thickness allows you to not only paddle the board quickly through the waves to get out the back, but also into waves to ensure you catch your fair share. Ample nose rocker helps to stop the board from pearling and get it on the plane easily. Mini Longboards are great for beginners to learn on but also good surfers to have fun on when the waves are small or less powerful. This year we have extended the range to include a 9'2" longboard.

All boards are glassed with a 2 x 6oz deck and 1 x 6oz bottom with a patch on the fin area. We give the boards a gloss polish finish and they come standard with FCS M7 fins.
