

SUPER FISH XL

The Super Fish XL was designed because of the constant feedback we got from Surf Shops saying bigger surfers and Longboarders wanted to get one but the 6'3" was too small. So we introduced the three larger sizes. The feedback has been sensational. There is a size of Super Fish XL for everyone. The 6'8" for people around the 85kg / 185lb mark, the 7'3" for people between that and 95kg / 205lb mark. Over that you will be looking at the 8'0". When you ride this board you will find that it paddles quickly because of the step deck. You can take late drops that you couldn't on a Longboard and you will do bottom turns like you haven't for years. The Super Fish XL is a joy to ride. We have updated this model with the Quad option. This makes it go even faster and gives a new meaning to smooth turns.

All boards are glassed with a 2 x 4oz deck and 1 x 4oz bottom with a patch on the fin area. We give the boards either the silky smooth Pro or Gloss Polish finish and they come standard with FCS M7 Quad Glassflex Series fins.
