

SUPER FISH XL EPOXY

This feeds through to a double in the back to help get the most out of turns. The Super Fish will help you make sections that you never have before, it is fast and smooth. The 6'6 Super Fish has been introduced to bridge the gap between the Super Fish and the Super Fish XL. All boards are glassed with a 2 x 4oz deck and 1 x 4oz bottom with a patch on the fin area. We give the boards either a silky smooth Pro or Gloss Polish finish and they come standard with FCS Quad plus Tri Glassflex series fins.
