## McTavi∕h

The McTavish Bobsled is here to put some life back into your surfing! This is a high volume rocket and a neo-classic McTavish design. This board is loaded with features.

Bob has spent years flirting with quads - shaping, testing, moving fins, testing, trying different fins, testing some more. The Bobsled is rigged out with the most comfortable quad set-up available, fast and loose, with no slip! The Bobsled has speed to burn and more thrust than a thrusters.

The Bobsled allows comfortable turns on any part of the wave, snappy face pivots, pumps, weaves, and deep gouges. Paddles like a real big-guys-shortboard, high and level. Features concave through-out with softening bevels and substantial width. A better way to surf hard and fast, and a great all-round travel board!

LENGTH	WIDTH	THICK	VOLUME	FINS
6'4"	21"	2 3/4"	42 ltr	FCS M5 / M3 QUAD
7'0"	21 1/2"	2 7/8"	48 ltr	FCS M5 / M3 QUAD
7'6"	22 1/4"	3"	55 ltr	FCS M5 / M3 QUAD
