

MAGIC FISH

The Magic Fish is an updated version of the Walden Retro Fish. It has the traditional US style fish outline as well as the design elements of the Original Magic Model including: double concave hull, hard rails and beveled edges. The Magic fish is wide for stability but still highly manoeuvrable without compromising speed. Designed for small to medium sized surf, best for the intermediate to advanced surfer with at least a couple of years of experience. We decided to put three FCS plug set ups in the board to allow the surfer to mix the fin configurations up as well as use the FCS three tab skegs if they choose.

The Magic Fish is made of traditional Foam and Fiberglass construction. It is computer cut, hand finished, glassed, sanded and then gloss polished to give you the highest quality board we can make. Two color designs are available, including an old school resin tinting to give a fantastic acid wash look.

All boards are glassed with a 1 x 6oz + 4oz deck and 1 x 6oz bottom with a patch on the fin area. We give the boards the gloss polished finish and they come standard with FCS MR M Series Glassflex twin fins and GX trailer fin.

(A) Blue Crescent Fade

(B) Blue Acid Rail and Bottom Retro Tint
