

# MAGIC ★ MODEL SUP

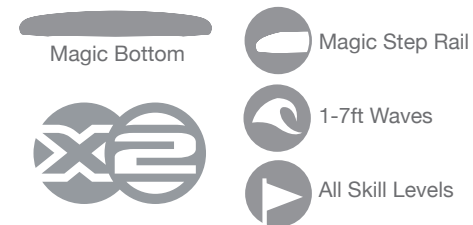

Walden has produced an incredibly versatile range of Stand Up Paddle boards.

The 10'10" can be the perfect board for beginners due to its increased width that provides stability. It's also great for the larger stand up paddler who needs a little more buoyancy under their feet. It's also easy to noseride and the Magic bottom makes it very responsive when on the face of a wave.

The 9'11" is an excellent all-round performance board that is as comfortable performing on a wave, noseriding in trim or paddling on flat water. It is wider to provide the stability for a beginner to intermediate SUP enthusiast.

The 9'4" is perfect for intermediate to better surfers looking for performance from their SUP. Generous width gives this one the edge. Equipped with an arch bar and kick tail traction for performance surfing.

LENGTH	WIDTH	THICK	VOLUME	FINS	APPROX WEIGHT RANGE
9'4"	29"	4 1/2"	141 ltr	Walden 9" + FCS GL sides	0-176lbs (0-80kg)
